Please write the Final Joint Report below. It is to be completed after the oral examination and should explain the grounds on which the examiners have reached their decision and have regard to the requirements of a thesis for the PhD degree as outlined in the Regulations. The examiners' Preliminary Reports should not be referred to unless the examiners wish the candidate to be sent a copy of them. The bottom of this form must be signed and dated by both examiners. Additional sheets may be attached if required. This form should be attached to the yellow Decision Report form on completion.
